With the exception to the revisions to RFPS30034901700042, BAFO #001 is hereby cancelled in its entirety.

In accordance with paragraph 3.2 of RFPS30034901700042, this letter shall constitute a second official request by the State of Missouri to enter into competitive negotiations with your company. Included with this letter are two (2) attachments.

Furthermore, please understand that your response to this BAFO request is your final opportunity to ensure that (1) all mandatory requirements of the RFP have been met, (2) all RFP requirements are adequately described since all areas of the proposal are subject to evaluation, and (3) this is your best offer, including a reduction or other change to pricing. Also, ensure your response to this BAFO request addresses the latest version of each paragraph/exhibit of the RFP.

However, a current Affidavit of Work Authorization is still needed. With your BAFO response, Catholic Charities of Southern Missouri, Inc. is requested to submit a completed Affidavit of Work Authorization that has been signed and notarized within the last twelve (12) months.

Reaching Out. Providing Hope. Changing Lives. Catholic Charities of Southern Missouri (CCSOMO) seeks to improve the lives of the vulnerable by providing quality, compassionate social services which meet local needs. Our vision is to ensure that individuals and families in need receive necessary social services, obtain a sense of hope, and achieve self-sufficiency. CCSOMO was established in 2009 to serve clients in the thirty-nine southernmost counties in Missouri, many the most impoverished in the state. Services have expanded and grown from disaster case management following the 2011 Joplin tornado and springs floods to an agency providing: homeless prevention services in ten Missouri counties (Emergency Solution Grant/ESG); pregnancy and parenting support programs (ATA regions 8 & 9); Supportive Services for Veteran Families in 36 counties (SSVF VA grant)); Rapid Rehousing Programs for the homeless thru the MHTF Housing First Grant in 34 counties and the HUD CoC grant in 5 counties; MHTF grant for Rental assistance and Emergency Assistance, Home Repair and Rebuilding for low-income households and seniors; targeted case management for the developmentally disabled; HUD certified housing and financial counseling; and the establishment of LifeHouse Crisis Maternity Home in December, 2013, providing transitional housing and comprehensive services to homeless pregnant women and their young children(ATA Region 7).

Administrative offices and LifeHouse Crisis Maternity Home are located at 424 E Monastery Street and an additional social services office at 1055 S Campbell, Springfield, Missouri. Regional offices are located in Cape Girardeau (937 Broadway Ste. 304, 63702 and 1812 Carondelet, Ste. 106, 63701); Sikeston (205 W. Malone Ste. B, 63801, Van Buren (511 Main Street, 63965); Joplin (403 E. 4th St., 64801); and Poplar Bluff satellite office at 2701 Holly Trails, Unit A. A open 8 am to 5 pm, Monday through Friday. CCSOMO case managers and construction staff meet with clients by appointment in the office, in the home or other site. Evening and weekend appointments can be arranged if necessary. LifeHouse Crisis Maternity Home is a 24/7 facility providing transitional housing and comprehensive social services for homeless pregnant women and their young children. CCSOMO has 24/7 call coverage for ATA program.

Utilizing a family strengthening framework, CCSOMO programs strive to empower clients through case management to obtain and retain permanent housing and achieve self-sufficiency. The CCSOMO pregnancy support programs provide counseling, support and direct services for pregnant women that lead to healthy outcomes for mom and children and improve the long-term self-sufficiency of the family by promoting prenatal and post-delivery health care, parenting skills, education, job training and employment. The program works to encourage and strengthen the formation of two parent families. CCSOMO's "Healthy Moms, Healthy Babies" began in June 2012 after the ATA contract was awarded to CCSOMO. Whole Kids Outreach (WKO) is a subcontractor under the previous contract.

LifeHouse Crisis Maternity Home, a 24/7 residential program for homeless pregnant women and their children, is a program of Catholic Charities of Southern Missouri. Our purpose is to increase the opportunity for homeless pregnant women age 18 and older to achieve self-sufficiency, reduce the incidence of child abuse and neglect, and to increase healthy births and decreased maternal/child complications in this vulnerable high-risk population. Over 50% of our LifeHouse residents have a history of substance abuse or domestic violence, as well as mental and physical health needs. Some have developmental disabilities, others have been victims of rape, and almost all meet the definition of chronic homelessness. In slightly over 2 years, 60 women and 12 toddlers/children have been provided safe

housing and comprehensive services at LifeHouse and 32 healthy infants born. Over 150 others have been assisted through education, information, and connection to needed resources. The LifeHouse program also includes an AfterCare program for women who have transitioned into permanent housing after receiving services and housing at LifeHouse for up to a year after the delivery of their baby. Currently 15 women and 15 children are enrolled in the LifeHouse AfterCare Program which provides case management, wellness and parenting classes, access to mental health professional and other services that assistance the families in reaching their goals of self-sufficiency.

CCSOMO implemented a new client management database system in 2015. This case management software program, CaseWorthy, supports the monitoring and tracking of all client data, documentation of case notes, presenting issues and referrals, and facilitates assessments that measure benchmarks, assets and expected outcomes. An evidence-based self-sufficiency matrix/assessment tool is built into this software and is incorporated into the process (Arizona Self-Sufficiency Matrix). In addition, all in-house and community resources are listed in the client record. CCSOMO Director of Administration and PQI monitors program results in collaboration with the Project Coordinator.

CCSOMO is in the process of obtaining COA (Council on Accreditation) accreditation and is submitting an application in September 2016. The agency will begin the 18 month process to complete a self-evaluation and eventually site visits with the anticipation of receiving accreditation in recognition of the agency meeting national standards in all areas of operation and programming.

The FEMA grant required agency outreach to potential clients, collaboration with other social service agencies, volunteer coordination and the supervision and monitoring of 15 trained CCSOMO case management professionals who worked with disaster affected clients from March 2012-May 2013 under this grant. CCSOMO continues to be responsive to local disaster needs including the Christmas 2015 floods that affected southern Missouri by providing disaster case management and home repairs.

CCSOMO enters SSVF and ESG client data into the HMIS (Homeless Management Information System) as required by grants and utilizes the system for grant reporting. CCSOMO has also chosen to enter additional client data for other CCSOMO homeless programs not covered by grants so the local Continuum of Cares have accurate data for the area.

4. LIST, IDENTIFY, AND PROVIDE REASONS FOR EACH CONTRACT/CLIENT GAINED AND LOST IN THE PAST TWO (2) YEARS.

CCSOMO was renewed on October 1, 2015 for the 2015-2016 SSVF grant to serve homeless veteran families and those at-risk of homelessness and expects to be renewed for 2016-2017. CCSOMO was successful in exceeding the target of 125 veteran households, spending funds according to grant guidelines and due dates, and meeting grant outcomes and audit requirements. CCSOMO has submitted a renewal application for 2016-2017. The agency completed its first A-133 audit with no findings. The agency 2014-2015 audit and A-133 are attached.

CCSOMO was awarded the Emergency Solutions Grant for 2016 based on past success (3 years) of meeting grant requirements and deadlines for CCSOMO's homeless prevention program.

CCSOMO was awarded a MHTF grant for 2016-2017 year for rental and emergency assistance, home repair program, and operating costs for housing stability case management. In addition, funding was awarded for the first time for the CCSOMO Housing First Program.

CCSOMO was a sub-grantee recipient under Catholic Charities USA for the agency's Housing and Financial Counseling Program funded through HUD. CCSOMO counselors are HUD certified and the agency met all grant requirements as a sub grantee (October 1, 2014 – March 31, 2016). CCUSA was awarded a grant for the 2016-2017 year and CCSOMO will be a sub grantee.

CCSOMO's grant with the Department of Correction for the Housing Reentry Program was renewed for 2016-2017.

CCSOMO has had all grants and contracts renewed except:

- CCSOMO was a sub-grantee under CCUSA for a rural youth mentoring program through the Department of Justice from October 2012 through October 2015. CCSOMO discontinued the program due to difficulty of finding rural youth mentors in four southeast Missouri counties.
- DCMP for the 2011 Joplin tornado and southeast Missouri floods ended in 2013 following completion of the grant.

Some of CCSOMO's contracts require a match and/or leverage of resources. Catholic Charities of Southern Missouri when appropriate leverages funds from multiple sources in order to provide more programming and services to the vulnerable in southern Missouri. Leveraging resources allows CCSOMO to serve more clients in need of services.

The vendor should provide the following information about the vendor's organization:

1. **Provide a brief company history, including the founding date and number of years in business as currently constituted.**

Whole Kids Outreach was created in 1999 as the result of a yearlong reorganization and restructuring process of its parent organization, Whole Health Outreach (WHO). The study included input on the developmental needs of this population and possible intervention strategies by both WHO and other service providers in the community. After considerable discernment and dialogue, the creation of a new organization – Whole Kids Outreach – that specifically targeted the improvement of the health and well-being of women, children (focusing on prevention) and families was created.

WKO provided access to services in the home to 150 families last year through ATA and other grants. CCSOMO case managers also provided access to services in the home based on client needs. The vendor understands that the decision to access the Alternatives to Abortion Program rests solely with the pregnant woman.

2. For each geographic region proposed, describe the demographic profile of the at-risk population to be served. Describe outreach strategies for reaching the targeted at-risk population(s), including strategies for addressing the cultural diversity of targeted clients

GEOGRAPHIC REGION 7

(Identify the geographic region. If proposing multiple geographic regions, copy and complete this table for each geographic region proposed.)

Describe the demographic profile of the at-risk population to be served.

LifeHouse Crisis Maternity Home (ATA Region 7) serves homeless pregnant women and their children under age 5 with safe housing and comprehensive social services. Since opening in 2013, over 70% of the residents met the definition of chronically homeless, over 50% have histories of substance abuse and domestic violence, and over 50% have mental health issues in addition to many other challenges. Referrals to LifeHouse come from many sources including self-referral. Outreach is directed to all in the community with special emphasis on other homeless provider programs like the Rare Breed program for homeless youth, Safe to Sleep (homeless shelter for women), domestic violence shelters, substance abuse treatment centers, churches, the Division of Family Services, courts, and more. Springfield and southern Missouri are less diverse than many communities; however homelessness has no boundaries; CCSOMO and LifeHouse serve all in need. If a client has special cultural diversity needs, we make every effort to meet those needs. CCSOMO and LifeHouse have access to prenatal and postnatal literature in several languages and interpreter services for most languages. CCSOMO receives little grant funding for this much needed program and has relied primarily on donations and fundraisers to provide housing including comprehensive support services to pregnant homeless women and their young children.

Non-residential clients in need of ATA services will be served by the case managers from LifeHouse and the Springfield satellite office. The staff will provide additional ATA support to the counties of Polk, Lawrence, Stone, Taney as well as the Springfield area counties where many have poverty rates that exceed the state average of 15.5% and the impoverished counties have few resources. In Springfield, the free and reduced lunch rate for families with students in R-12 is close to 60%. These counties are served by CCSOMO's Housing Programs and our FSCs/Case managers provide housing related services, disaster case management and general case management to help clients regain sense of hope and achieve self-sufficiency.

Describe outreach strategies for reaching the targeted population.

CCSOMO's past experience in ATA Regions 8 & 9 show that most clients are referred and since Region 7 will be a new coverage area for CCSOMO, the agency expects this history to continue. Both CCSOMO and LifeHouse Crisis Maternity Home have established a strong network of relationships

with local community agencies and organizations which is the major source of referral. Pregnant teens and women, and/or families are referred by healthcare providers, such as pediatricians and obstetricians, area shelters, county health departments, Division of Family Services caseworkers, WIC, courts, hospitals, school personnel and by word of mouth. Most referrals are received by phone, fax or email. CCSOMO has also established strong partnerships with other social service agencies by being an active member of the Balance of State, Springfield and Joplin area Continuum of Cares and regularly attending the regional housing meetings. Community Action Agencies in the area are already partnering with CCSOMO on other programs and will be contacted and provided information on the ATA program since often families in crisis seek assistance from them. CCSOMO Leadership is a member of the Springfield Impacting Poverty Commission and receives referrals from committee partners. CCSOMO also participates in the Continuum of Care Coordinated Entry process for homeless individuals and families and accepts referrals from both the Springfield Coordinated Entry Coordinating Staff.

Referrals to LifeHouse come from many sources including self-referral. Outreach is directed to all in the community with special emphasis on other homeless provider programs like the Rare Breed program for homeless youth, Safe to Sleep (homeless shelter for women), domestic violence shelters, churches, the Division of Family Services, and more. Springfield and southern Missouri are less diverse than many communities, however homelessness has no boundaries;

To increase awareness of the ATA program, outreach will include face-to-face meetings with possible referral sources such as school counselors and principals, physicians and county health center employees. Information about services will be offered at community events and brochures/flyers distributed to local social service providers. CCSOMO program information will be updated regularly on 211 for potential ATA clients seeking assistance. In addition, CCSOMO staff who are currently doing outreach in all the Region 9 counties for other programs such as SSVF, will distribute information on ATA services as well.

GEOGRAPHIC REGION 8

(Identify the geographic region. If proposing multiple geographic regions, copy and complete this table for each geographic region proposed.)

Describe the demographic profile of the at-risk population to be served.

The target population in Regions 8 includes pregnant women and teens, parents, infants, and children residing in the remote, rural areas of the south central Missouri Ozarks, focusing on at-risk groups and families who live in poverty; families with histories of (or on-going) abuse and neglect; pregnant and parenting teens, as well as first-time parents. Children and pregnant/parenting women living in these counties are especially vulnerable to domestic violence and abuse (physical, emotional, sexual, and drug). Additionally, these families have inadequate social support, lack transportation, and have insufficient access to medical care. Their family and community histories are frequently marked by adversities that affect parenting capacity and orientation to the parenting role. Poverty and social isolation place these families at risk of adverse health outcomes resulting from chronic financial strain, poor housing, and decreased access to care. Immobilized by depression and/or feelings of helplessness, many families in these rural Missouri counties feel incompetent to address these issues, which adversely affect their health and place them at extreme risk for poor health outcomes and child maltreatment. In CCSOMO's and WKO's rural service region there is little racial or ethnic diversity. County Health Rankings (2014) show that where we live matters to our health; more than 83% of the service counties fall into the bottom quartile ranking of overall health factors: (<http://www.countyhealthrankings.org/app/missouri/2014/overview>).

Describe outreach strategies for reaching the targeted population.

Most client are referred to the program. Both CCSOMO and WHO have a network of relationships with local community agencies and organizations which is the major source of referral. Pregnant teens and women, and/or families are referred by healthcare providers, such as pediatricians and obstetricians, area shelters, county health departments, Division of Family Services caseworkers, school personnel and by word of mouth. Most referrals are received by phone, fax or email. CCSOMO has also established strong

partnerships with other social service agencies by being an active member of the Balance of State Continuum of Care and regularly attending the regional housing meetings. To increase awareness of the programs, outreach will include face-to-face meetings with possible referral sources such as school counselors and principals, physicians and county health center employees. GEOGRAPHIC REGION 9

(Identify the geographic region. If proposing multiple geographic regions, copy and complete this table for each geographic region proposed.)

Describe the demographic profile of the at-risk population to be served.

The target population in Regions 9 includes pregnant women and teens, parents, infants, and children residing in the remote, rural areas of the south eastern Missouri Ozarks, focusing on at-risk groups and families who live in poverty; families with histories of (or on-going) abuse and neglect; pregnant and parenting teens, as well as first-time parents. Children and pregnant/parenting women living in these counties are especially vulnerable to domestic violence and abuse (physical, emotional, sexual, and drug). Describe outreach strategies for reaching the targeted population.

Most client are referred to the program. Both CCSOMO and WHO have a network of relationships with local community agencies and organizations which is the major source of referral. Pregnant teens and women, and/or families are referred by healthcare providers, such as pediatricians and obstetricians, area shelters, county health departments, Division of Family Services caseworkers, school personnel and by word of mouth. Most referrals are received by phone, fax or email. CCSOMO has also established strong partnerships with other social service agencies by being an active member of the Balance of State Continuum of Care and regularly attending the regional housing meetings. Community Action Agencies in the areas will be contacted and provided information on the ATA program since often families in crisis seek assistance from them. CCSOMO is currently receiving referrals from DAEOC to assist pregnant women and their families.

To increase awareness of the programs, outreach will include face-to-face meetings with possible referral sources such as school counselors and principals, physicians and county health center employees. Information about services will be offered at community events and brochures/flyers distributed to local social service providers. Agency Information will be updated regularly on 211 for potential clients

seeking assistance. In addition, CCSOMO staff who are currently doing outreach in all the Region 9 counties for other programs such as SSVF, will distribute information on ATA services as well.

3. **For each geographic region proposed, describe the marketing of services.**

For ATA regions 8 & 9, CCSOMO and WKO both have websites and Facebook pages that offer information on available services including ATA and provide contact information for those seeking services. CCSOMO has developed brochures that provide information on CCSOMO current ATA programs: Healthy Moms, Healthy Babies (ATA). The brochures explain the programs and eligibility requirements and provide a phone number to request services by offices (24/7 number). CCSOMO and WKO have a well-established network of providers, including local and regional health providers and county health centers that serve as referrals for the ATA program. In addition, the other programs CCSOMO provides in these areas such as Homeless Prevention, Supportive Services for Veteran Families, and home repairs for low-income families have established partnerships with local social service agencies that provide referrals for the ATA program. CCSOMO's Director of Communications will evaluate other marketing opportunities in the media including possible PSAs, press releases, flyers and attendance at community outreach events. CCSOMO and WKO will also follow any requirements for publicity listed in 2.2.12.14 and receive approval from state agency prior to release of publications to insure inclusion of required information. CCSOMO will list ATA services on the 211 site.

For ATA region 7, a new region for CCSOMO ATA services, the Director of Communications will develop and implement a plan to inform the public and our community partners that the agency will be providing nonresidential ATA services upon contract award. CCSOMO will also follow any requirements for publicity listed in 2.12.14 and receive approval from state agency prior to release of publications to insure inclusion of required information. CCSOMO currently has a brochure for LifeHouse Crisis Maternity Home that explains the residential program for homeless pregnant women and their young children and awareness of this established program continues to grow throughout the community and the region.

GEOGRAPHIC REGION 7 <i>(Identify the geographic region. If proposing multiple geographic regions, copy and complete this table for each geographic region proposed.)</i>	
Identify the site where the Initial Client Intake Assessment will be conducted:	Non-residential client assessment will usually be completed in the client's home. If the clients prefer, the office in Springfield can be used for the Initial Client Intake Assessment performed by a credentialed case manager. LifeHouse Crisis Maternity Home Initial Client Intake Assessments are done on-site unless extenuating circumstances such as a pregnant woman currently housed in jail, hospital or treatment center.
Describe how client eligibility will be determined. Following section 2.3.1, the CCSOMO and WKO ATA programs in Regions 8 will most often complete the Initial Client Intake Assessment in the client's home but clients do have a choice. Both CCSOMO and	

WKO also have offices where potential clients could access services including completing the Initial Client Intake Assessment. Following section 2.2.1 thru 2.2.4, the credentialed case manager will assess and determine if the woman meets the ATA eligibility requirements: be a Missouri resident, be at or below 185% of federal poverty level based on the client or family income, pregnant with the intent to carry the unborn child to term, and is not receiving ATA Program services from another provider.

Credentialed case managers will use the following to determine identification and income documentation: utility bills; driver's licenses; pay stubs; written employer statements; and social security benefits statements. The client is no longer eligible to receive ATA services twelve months post-partum. The vendor will maintain documentation of eligibility for a minimum of 5 years for each woman determined eligible for ATA program.

If client meets eligibility requirements and signs a written consent to receive ATA Program services then the client will be admitted to program. Within 24 hours a credentialed case manager will do an individual Initial Client Risk and Needs Assessment and Domestic Abuse Screening to address urgent issues and document risk factors and the services needed to minimize the risk of abortion and to complete the pregnancy. The credentialed Case Manager will complete Post-Partum Depression screenings (6-8 weeks) and reassess eligibility upon the birth of the child.

LifeHouse Intake and Assessment Process follows the information above but also include the following:

LifeHouse conducts an initial screening interview per telephone and determines eligibility based on the information listed above. Then the potential resident meets with the credentialed case manager to discuss admission at LifeHouse, do the Initial Client Risk and Needs Assessment and Domestic Abuse Screening and complete the assessment for eligibility. If a potential resident is unable to meet at LifeHouse due to current circumstances such as residing in substance abuse center, jail, or lack of transportation, staff will make arrangements to meet face-to-face at another location. The results of this process are shared with the core LifeHouse team (LifeHouse Director, Credentialed Case Managers, Program Coordinator, Registered Nurse, and the Licensed Professional Counselor). They meet to discuss resident needs and resources before a resident move-in date is scheduled. LifeHouse residents must be pregnant, homeless, age 18 or older, income below 185% of poverty, Missouri resident and pass a drug screening test to reside at LifeHouse Crisis Maternity Home.

5. **For each geographic region proposed, provide a detailed description of the case management process. Identify the hours of service, including emergency coverage outside of business hours and weekends.**

Regions 7, 8 and 9 ATA non-residential services

Most of ATA services will be provided by a credentialed case manager to the client. The purpose is to manage the identified service needs of the client in order to minimize the likelihood of abortion and improve the pregnancy outcomes. (2.3.1 b) Case managers will knowledge and experience will provide

prenatal parent education and parenting skills with training including the mandatory topics which are important to achieving the expected outcomes. Additional topics in responsible paternity education will also be provided.

The Individualized Pregnancy Continuation Plan (IPCP) will be developed by the credentialed case manager and client working together during the first 1-3 home visits and within ten days of the client's admission to the program to identify needs and services that will increase the likelihood of success in reaching client outcomes. The Individualized Risk and Needs Assessment and the Domestic Abuse Screening (conducted by professional case manager) are considered in this process and urgent issues addressed. IPCP includes specific measurable objectives, timelines, and strategies for client education and identification of necessary additional services and referrals as well as outcome goals for referrals. This client centered plan will guide the case management process over the duration of the pregnancy and will continue for one year post-partum. The plans are strengths based and results from screening tools such as the Ages and Stages Questionnaire (ASQ), Kotelchuck (adequate prenatal care) and Arizona Self-Sufficiency Matrix will be used to identify needed goals and objectives. The plans will be reviewed and updated with the client at each subsequent visit, at least every thirty days, and changes documented within the client record and plan. The focus of the plan is to provide education and access to additional services that allows the client to continue the pregnancy and leads to healthy outcomes, nurturing families, and a path to self-sufficiency. Case managers provide access or referral for services including housing, job training, education and employment in addition to assisting client in accessing and applying all mainstream benefits such as MO HealthNet, SNAP, child care assistance, WIC or LIHEAP. Credentialed case manager will continue to assess the client for domestic violence and safe sleep environment for client's infant, provide education on the 2011 American Academy of Pediatrics Recommendations and a professional will complete the EPDS.

In addition, the case managers under the supervision of Case Management Supervisors will meet the requirements in section 2.4 including record maintenance. This lists the demographic data required in case files, and additional case file requirements which include a description of client services provided, date and time of service, receipts for all goods or services and documentation of all referrals and applications.

Case manager must record the information from: Client Intake Form within 5 working days of completing the eligibility and initial client intake assessment; Postpartum depression screening within 10 days of completion of EPDS; Pregnancy outcome recorded within 7 days of delivery or no longer pregnant; and discharge documentation within 7 days of no longer eligible or client elects to discontinue participation. (2.4.3 e) The Case Management Supervisor must conduct monthly review of the case files including: minimum of one case file per worker; document corrective action for incomplete findings and case file reviews must be documented and retained in the case file.

CCSOMO Offices are open 8 am-5 pm, Monday through Friday, excluding holidays. Case managers will schedule evening and weekend appointments if needed. A 24 hour number is available for emergencies, after hour and weekend calls and a case manager is on call to answer and respond to these requests.

Whole Kids Outreach hours of service are Monday through Friday, 9 am-5 pm. The Outreach Specialists and RNs do, however, make exceptions to accommodate families' schedules, when possible. Additionally, each home visitor carries a company cell phone and they are available for emergencies.

Region 7 Residential clients

LifeHouse case managers will follow the process listed above for non-residential clients with a few differences. The LifeHouse Individualized Pregnancy Continuation Plan is created with the resident within a week of admission to the transitional housing program and updated on a weekly basis. The LifeHouse registered nurse, LPC and credentialed case managers work closely with the resident to meet goals and comply with optimum care. Both the case management and the nurse's office are located within

LifeHouse for easy and frequent access. LifeHouse partners with local social service agencies to provide additional services and resources such as Parents as Teachers and Early Head Start, which meet with residents on-site.

Together, they come up with a plan of care. The LifeHouse nurse also presents information from the Focus on Fertility program which is produced by

Heartbeat International. This program includes information on how to use the natural family planning method. The resident views portions of the DVD "Focus on Fertility" with the nurse. The resident answers questions provided with the program. Together, the nurse and resident discuss her answers. 8. **For each geographic region proposed, describe how your proposed program will provide assistance to needy families so that children may be cared for in their own homes or in the homes of relatives.**

WKO will deliver the ATA services through home visits. CCSOMO ATA credentialed case managers will deliver holistic, individualized, family strengthening case management services to clients to support the healthy care of children in the home. Services will be delivered in the home or at the LifeHouse Crisis Maternity Home. Families will be assessed for needed supports, including parent education, financial literacy and budgeting, employment, housing and medical/social service needs. ATA case managers will either provide the needed resources (e.g., food, diapers, furniture) or teach parents to how to obtain needed items through community resources such as WIC and diaper banks. Case managers will ensure that each mother and child has an appropriate medical provider and transportation to access services when needed.

9. **For each geographic region proposed, describe how your proposed program will help to end the dependence of needy parents on government benefits by promoting job preparation, work, and marriage.**

By creating trusting, compassionate and professional relationships with families, ATA case managers will encourage parents to complete at least their high school education (or GED) and when possible, post high school training/education. Utilizing motivational interviewing, strengths based curriculums, and trauma informed care techniques, case managers can assist parents in identifying barriers to their success and teach problem solving skills so they can overcome the barriers such as lack of employment, mental health issues, transportation, childcare or very limited financial resources. WKO's case managers utilize portions of the Tackling Tough Skills curriculum to help teach parents employment readiness skills. The Growing Great Families curriculum also has modules that address the skills needed to form and nurture positive adult relationships.

10. **For each geographic region proposed, describe how your proposed program will reduce the incidence of future out-of-wedlock pregnancies. Include your program's annual numerical goals for preventing and reducing the incidence of these pregnancies.**

All of WKO's and CCSOMO clients are pregnant when they are referred. During the course of in-home services, residential services or meetings in the offices, parents are taught about the positive effect on children who are raised in two parent families, especially when the parents are married. WKO uses The Growing the Great Kids and which has a specific module dedicated to this issue. The WKO nurse and HFA home visitors, CCSOMO credentialed case managers, the LifeHouse nurse, all teach parents the benefits of birth spacing to both infant and mother. In addition, the LifeHouse LPC conducts individual and group counseling sessions on self-esteem and building healthy relationships.

11. **For each geographic region proposed, describe how your proposed program will encourage the formation and maintenance of two-parent families.**

When ATA credentialed and non-credentialed case manager are providing in-home services, residential services or meetings in offices, parents are taught about the positive effect on children who are raised in two parent families, especially when the parents are married. WKO utilizes The Growing Great Kids curriculum has modules on positive adult relationship skills, CCSOMO case managers also cover this topic in when working with fathers and mothers. WKO will utilize the HFA Parent Survey and modules on problem solving to encourage parents to intentionally nurture their relationships. The LifeHouse LPC

13. **Along with a detailed organizational chart, the vendor should describe the following:**

- **How services of the contract will be managed, controlled, and supervised in order to ensure satisfactory contract performance.**

CCSOMO is the vendor of this contract and the overall responsibility for satisfactory performance is assumed by the agency's Executive Director and ATA leadership team. The ATA leadership team includes the Director of Finance who reviews billings and is responsible for meeting fiscal and auditing obligations. Director of Communications is responsible for marketing and outreach efforts.

The Regional Director and Regional Supervisor, based in Cape Girardeau are responsible for oversight of the day to day ATA program including: services provided by the credentialed and non-credentialed case managers; completing client chart audits; signing timesheets; approval of ATA expenses; and, submission of ATA reports for Regions 7, 8 & 9. The Director of LifeHouse will work closely with the Director in Cape Girardeau to ensure that all requirements listed above are met and reports are submitted accurately and on time. The Regional Director will be the point of contact with Missouri Office of Administration for any questions or concerns.

CCSOMO Regional Director and the Director of Administration and PQI will provide oversight of the WKO program and completely a yearly audit and monthly site review to ensure compliance with contract requirements and performance per sections 2.3 & 2.4 on record maintenance, reporting and evaluation. IWKO leadership and staff will be included in the Webinar training that will be scheduled following release of the contract on changes to the ATA program including monthly chart audits, satisfaction surveys, report dates. - **Total Personnel Resources - The vendor should provide information that documents the depth of resources to ensure completion of all requirements on time and on target. If the vendor has other ongoing contracts that also require personnel resources, the vendor should document how sufficient resources will be provided to the State of Missouri.**

CCSOMO and subcontractor WKO have the ability and resources to meet the contractual requirements on time and on target. Both agencies worked together the past 4 years on the current ATA contract and were successful in providing quality services in regions 8 & 9. With additional

funding under this RFP both agencies could provide services to more potential ATA clients in need. Clients have multiple sites to access services and choice of vendor they use. Both agencies have allocated staff and resources to meet ATA targets. See attached organizational chart.

CCSOMO and subcontractor WKO have experience operating and providing services under multiple contracts and have successfully met grant requirements based on information contained in Exhibit D which shows multiple renewals of contracts/grants/

14. Economic Impact to Missouri - The vendor should describe the economic advantages that will be realized as a result of the vendor performing the required services. The vendor should respond to the following:

- **Provide a description of the proposed services that will be performed and/or the proposed products that will be provided by Missourians and/or Missouri products.**

All services provided by CCSOMO and WKO under this ATA contract will be performed Missouri residents and all agency offices are located within Missouri.

- **Provide a description of the economic impact returned to the State of Missouri through tax revenue obligations.**

Most of the ATA services provided by CCSOMO and WKO will be provided in their home because of lack of transportation and the rural areas in Regions 7, 8 & 9. The home visiting model can be applied to the program.

There has been a growing focus on using home visiting programs to improve the health and wellbeing of families, especially in Western societies, and have been shown to be most effective for at-risk families/communities. "The Centers for Disease Control and Prevention's (CDC) task force on Community Preventive Services estimates that up to 43% of US births (approximately 1.7 million) could potentially benefit from receiving home visiting services." (CDC. Task Force on Community Prevention Services, 2003) In Missouri, approximately 50% of the births each year are covered by Medicaid and could potentially benefit from home visitation programs. ".... Home visiting programs have been shown to be cost-effective on a long term basis with respect to cost savings to the society, particularly among at-risk families." (*Affordable Care Act Maternal, Infant and Early Childhood Home Visiting Program Needs Assessment*).

The Healthy Families America (HFA) model has been proven to improve birth outcomes, including low birth weight, a problem with tremendous public and personal costs. "When moms enroll in HFA before the third trimester, studies report positive impacts on birth weight and fewer birth complications." The largest long-term rigorous study of Healthy Families America (HFA) to date shows impacts on academic success, with fewer children receiving costly special education services or who are retained in first grade, and more children who show early indicators of school readiness. In multiple studies, parents involved in programs that use the HFA model show significant gains in their education and achieve greater financial security. "Healthy Families America has the potential to achieve community-wide benefits, including intermediate system change, cost savings and long-term impacts on community health." (<http://www.healthyfamiliesamerica.org/home/index.shtml>)

In a recent study sponsored by Duke University, researchers found that "for every \$1 spent on nurse home visiting for newborns, \$3 were saved in healthcare costs. The home visiting program more than paid for itself within the infants' first six months of life." (<https://today.duke.edu/2013/12/homevisit/>)

By providing the described home visiting services, the adult participants will experience a reduction in typical parental stressors, as well as the financial strain of caring for premature/sick children. Partnered with the programs' efforts to assist parents to complete their high school education, improve their employability, and learn to volunteer, the individuals served will become better able to contribute to the economic viability of their community.

LifeHouse Crisis Maternity Home economic impact to the state of Missouri and Springfield community.

Lifehouse Crisis Maternity Home provides safe shelter, comprehensive services and access and transportation to community-based resources and prenatal and post-delivery health care services which are critical. Having reliable transportation to prenatal care, as well as accountability to keep appointments is vital to a healthy baby. Without prenatal care, many babies are at higher risk to be born pre-term and have lower birth weights, which leads to a greater risk of a NICU stay and long term disabilities. The average daily cost of NICU care in the United States exceeds \$3,000. The *Chicago Tribune* reports that the average length of stay in the NICU is 27 days. So the average expenditures are nearing \$100,000 per NICU stay. Since opening in December 2013, LifeHouse Crisis Maternity Home has had 31 healthy babies born to high-risk mothers saving the community and state an estimated \$2 million in health care expenses from lack of expected NICU stays and this does not include the possible longer term expenses from babies who might have been born with disabilities.

- **Provide a description of the company's economic presence within the State of Missouri (e.g., type of facilities: sales offices; sales outlets; divisions; manufacturing; warehouse; other), including Missouri employee statistics.**

CCSOMO Administrative offices, LifeHouse Crisis Maternity Home and a satellite office are located in Springfield, Missouri. CCSOMO has Family Strengthening Centers (offices) located in Cape Girardeau, Sikeston, Van Buren, Joplin and a satellite in Poplar Bluff. In addition, CCSOMO operates a separate office in Cape Girardeau for Targeted Case Management for the Developmentally Disabled in Cape County. CCSOMO operates a Donation Center and Thrift Store called GoodFinds in Joplin, and rents a warehouse for building materials for CCSOMO's home repair and rebuilding program, "Rebuilding Homes. Rebuilding Lives." CCSOMO employs over 76 employees throughout southern Missouri. The agency also utilizes volunteers on many of the home repair and disaster recovery projects and they donate time and often materials to these projects. CCSOMO's 2016-2017 budget is \$5,661,334. .

CLIENT SCENARIO

The vendor should provide a total price with a price analysis for the client services identified in the narrative.

* * * * *

Jessica Smith has recently graduated from high school. She wants to pursue a career as a high school English teacher. She has applied and been accepted as an incoming freshman at a local college.

Jessica has just learned that she is six weeks pregnant. She does not currently have a job, and her boyfriend, also a recent high school graduate, is also unemployed. They are both 18 years of age and had planned to get an apartment together. Neither one of them has monetary support from their families.

Jessica currently lives 15 miles from the contractor's service location, but does not have a vehicle. If she continues with her higher education plans at the local college, she will be 30 miles away from the local college. She has contacted your organization and is unsure of her decision to parent or adopt.

Narrative:

Jessica Smith contacts the office (CCSOMO or WKO). Jessica requests information about the ATA program and a Credentialed Case Manager (CM) visits with her over the phone explaining the program and asking questions to determine eligibility. Jessica states she is six weeks pregnant and just recently graduated from high school. Jessica requests services and the CM opens a client record in the state system and schedules an appointment for a meeting in her home since Jessica does not have transportation. It is confirmed that Jessica is not receiving ATA services from another provider. Jessica is asked to have available at the home visit: a form of identification; documentation of income and Missouri residency; and proof of pregnancy; to determine ATA eligibility.

CM travels to meet with Jessica in her home at the scheduled time. The CM confirms eligibility and Jessica signs a written consent for ATA Services and the client is admitted into the program. As part of the case management process, the CM evaluates if Jessica is eligible for other programs including MO HealthNet Prenatal Case Management, Building Blocks of Missouri or Missouri Community-Based Home Visiting program. The Individual Risk and Needs Assessment (IRNA) and the Initial Client Assessment (IRA) are completed. As planned Jessica is the only one present at this meeting with the CM, so she is assessed for domestic violence. There is not a history. This will be noted in the IRNA plan.

On the initial call Jessica had stated that she is six weeks pregnant and had never applied for public assistance. She explained that she and her boyfriend are 18 and recent high school graduates and both are unemployed. She also stated that they planned to get an apartment together. Jessica shared that she is unsure of her decision to parent or adopt. In anticipation that the IRNA would show a need for possible services including housing depending on her current living situation, the CM brought enrollment applications for SNAP and WIC and plans to assist the client with submitting applications for housing and LIHEAP (utility assistance) if needed. The CM visits with Jessica about her current housing situation and her family's possible support to continue providing her housing. The CM works with Jessica to complete the SNAP and WIC applications if appropriate and will submit via office fax. Jessica is not eligible for health insurance through her parents so CM provides her with the enrollment information and the documents needed to apply for MO HealthNET. If internet is available, the CM will use her laptop to go on-line to <https://myddss.mo.gov> and assist in application process. During the conversation Jessica speaks of her desire to continue her education at the local college and that she may want to consider adoption. CM asks Jessica about the baby's father and his future involvement and possible long term commitment including marriage. CM leaves Jessica materials on adoption and states they can discuss in more

depth at the next meeting. Jessica is given the 24/7 number to contact a case manager in the event of an emergency.

A second meeting at Jessica's home is scheduled within 10 days to develop the Individualized Pregnancy Care Plan (IPCP).

The CM meets with Jessica at her home within 10 days to complete the IPCP which lists Jessica's goals and action steps over the next 18 months and incorporates the IRNA and ICA. This plan will be entered into the state system within 5 days and will include services and also updates. The plan will be based on client's input and includes the initial plan as well as specific measurable objectives, urgent needs, strategies for client education, identification of necessary services and referrals, and outcome goals for referrals. During this second visit and all future visits, the CM will identify ongoing strengths and risk factors and create plans to address the family's needs. Staff will ensure that Jessica is receiving adequate prenatal care, provide regular screens for depression, assess her employment skills, assist her in developing a circle of support and access to community resources and provide appropriate referrals. CM assists Jessica in identifying her concerns: both she and the father are not working; she wants to attend college in fall; she does not have transportation; and she wants to move in an apartment with her boyfriend.

Since the father/boyfriend is involved at this time, the CM suggests and encourages offering paternity education to him, so he is engaged in the fatherhood process. CM also suggests including him in discussions on possible adoption if Jessica would chose this option. If this option is considered, CM can offer referrals to adoption agencies and connections to legal services if needed.

Since Jessica has applied and been accepted to college, the CM will connect her with the college financial aid office to see what funding may be available. ATA education funding may be considered if other options are not available. Funding is only available while enrolled in the program which will end once the baby is 12 months of age roughly 20 months of eligibility.

There is limited or no transportation available in the rural areas where Jessica lives. If Jessica plans on attending college it will be difficult since both she and her boyfriend do not have a vehicle and the local college is 30 miles away. CM will assist both in finding employment so a vehicle can be purchased which is priority. If Jessica's current housing situation is safe and stable CM may suggest staying there and saving funds for a vehicle prior to moving into apartment. Once Jessica is on MO HealthNet, Medicaid transport can be arranged for medical appointments. CM will work with other social service agencies, non-profits and churches to identify other transportation options including a donated vehicle.

If Jessica's housing situation is not safe and stable, the CM will also explore other housing options that might fit her situation. If over the 20 month program, Jessica is unable to pay rent due to circumstances; other resources will be sought including rental assistance from the MHTF grant program, local community action agency or other housing assistance programs. ATA program will allow up to 3 months of rent assistance if needed. CM will assist Jessica with applications for mainstream benefits and once she begins receiving SNAP, WIC and LIHEAP benefits, the struggle to pay rent may be reduced. Jessica will work with her Case Manager to develop a budget that evaluates all income including assistance and expenses.

On subsequent home visits the CM will provide Prenatal Education and Parenting Skills training, using evidence-based information to Jessica. If the father is involved, paternity education will be provided as well. At a minimum, Jessica will receive 30 minutes of training on each of the following topics: safe sleep for infants following the 2011 American Academy of Pediatric Recommendations; breastfeeding; importance of folic acid in the prevention of neural tube defects; use of substances during pregnancy including alcohol, tobacco, and other drugs; importance of prenatal care; immunizations; shaken baby syndrome; car seat safety; and nutrition and healthy eating. Additional topics may be added as well as others required in the ATA contract. A visit will include two topics (one hour of training) until all the required trainings are completed. Jessica intends to remain in the program post-partum and will receive information on the importance of preconception and the advantages of birth spacing as it relates to the health of the mother and infant, and cognitive skills, motor skills, valuing and

comforting the infant/child. Six to eight weeks post-partum, the CM will conduct an assessment of Jessica for post-partum depression using the Edinburgh post-partum depression screening scale.

During home visits and phone calls, the CM will continue to help identify Jessica's areas of need and assist in problem solving as well as make referrals to community service providers. The CM will meet with Jessica at least every thirty days to review and discuss the IPCP until all the services and/or objectives in the plan have been completed or met, or Jessica has been discharged from the ATA program. The CM will continually assess Jessica for domestic violence.

The CM works with Jessica to access services including financial literacy classes that will help her become more self-sufficient. The CM will work with Jessica to explore possible family support as well as potential church and community support. CCSOMO's referrals will be documented using tracking tools within CCSOMO's case management software program as well as measuring referral outcomes.

CM will continue to work with Jessica through the provision of services, referrals, educational opportunities and the meeting of the goals and objectives in the IPCP. Visits may be as often as once a week or once a month depending on Jessica's needs over the next 20 months including pregnancy and twelve months post-partum if Jessica decides to parent. The goals of achieving a positive and healthy birth outcome as well as self-sufficiency for Jessica and her family were established in the original IPCP and updated and revised based on changing life situations and new challenges. This is Jessica's plan and her goals and with the assistance of a trained case manager and access to resources and services, Jessica has the opportunity to achieve them.

- b. To the extent that a provision of the contract is contrary to the Constitution or laws of the State of Missouri or of the United States, the provisions shall be void and unenforceable. However, the balance of the contract shall remain in force between the parties unless terminated by consent of both the contractor and Purchasing.
- c. The contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations.
- d. The contractor must timely file and pay all Missouri sales, withholding, corporate and any other required Missouri tax returns and taxes, including interest and additions to tax.
- e. The exclusive venue for any legal proceeding relating to or arising out of the RFP or resulting contract shall be in the Circuit Court of Cole County, Missouri.
- f. The contractor shall only employ personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.

3. OPEN COMPETITION/REQUEST FOR PROPOSAL DOCUMENT

- a. It shall be the vendor's responsibility to ask questions, request changes or clarification, or otherwise advise Purchasing if any language, specifications or requirements of an RFP appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the RFP to a single source. Any and all communication from vendors regarding specifications, requirements, competitive proposal process, etc., must be directed to the buyer from Purchasing, unless the RFP specifically refers the vendor to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official proposal end date.
- b. Every attempt shall be made to ensure that the vendor receives an adequate and prompt response. However, in order to maintain a fair and equitable procurement process, all vendors will be advised, via the issuance of an addendum to the RFP, of any relevant or pertinent information related to the procurement. Therefore, vendors are advised that unless specified elsewhere in the RFP, any questions received less than ten calendar days prior to the RFP end date may not be answered.
- c. Vendors are cautioned that the only official position of the State of Missouri is that which is issued by Purchasing in the RFP or an addendum thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
- d. Purchasing monitors all procurement activities to detect any possibility of deliberate restraint of competition, collusion among vendors, price-fixing by vendors, or any other anticompetitive conduct by vendors which appears to violate state and federal antitrust laws. Any suspected violation shall be referred to the Missouri Attorney General's Office for appropriate action.
- e. The RFP is available for viewing and downloading on the MissouriBUYS Statewide eProcurement System. Registered vendors are electronically notified of those proposal opportunities that match the commodity codes for which the vendor registered in MissouriBUYS. If a registered vendor's e-mail address is incorrect, the vendor must update the e-mail address themselves on the state's MissouriBUYS Statewide eProcurement System at <https://missouribuyss.mo.gov/>.
- f. Purchasing reserves the right to officially amend or cancel an RFP after issuance. It shall be the sole responsibility of the vendor to monitor the MissouriBUYS Statewide eProcurement System to obtain a copy of the addendum(s). Registered vendors who received e-mail notification of the

proposal opportunity when the RFP was established and registered vendors who have responded to the RFP on-line prior to an addendum being issued should receive e-mail notification of the addendum(s). Registered vendors who received e-mail notification of the proposal opportunity when the RFP was established and registered vendors who have responded to the proposal on-line prior to a cancellation being issued should receive e-mail notification of a cancellation issued prior to the exact end date and time specified in the RFP.

4. PREPARATION OF PROPOSALS

- a. Vendors must examine the entire RFP carefully. Failure to do so shall be at the vendor's risk.
- b. Unless otherwise specifically stated in the RFP, all specifications and requirements constitute minimum requirements. All proposals must meet or exceed the stated specifications and requirements.
- c. Unless otherwise specifically stated in the RFP, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The vendor may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the proposal. In addition, the vendor shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Proposals which do not comply with the requirements and specifications are subject to rejection without clarification.
- d. Proposals lacking any indication of intent to offer an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the RFP.
- e. In the event that the vendor is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an RFP, such a vendor may submit a proposal which contains a list of statutory limitations and identification of those prohibitive clauses. The vendor should include a complete list of statutory references and citations for each provision of the RFP, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing by Purchasing or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable by Purchasing. If Purchasing determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the RFP.
- f. All equipment and supplies offered in a proposal must be new, of current production, and available for marketing by the manufacturer unless the RFP clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
- g. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the RFP.
- h. Proposals, including all prices therein, shall remain valid for 90 days from proposal opening or Best and Final Offer (BAFO) submission unless otherwise indicated. If the proposal is accepted, the entire proposal, including all prices, shall be firm for the specified contract period.
- i. Any foreign vendor not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their proposal in order to be considered for award.

5. SUBMISSION OF PROPOSALS

- a. Registered vendors may submit proposals electronically through the MissouriBUYS Statewide eProcurement System at <https://missouribuy.mo.gov/> or by delivery of a hard copy to the Purchasing office. Vendors that have not registered on the MissouriBUYS Statewide eProcurement System may submit proposals hard copy delivered to the Purchasing office. Delivered proposals must be sealed in an envelope or container, and received in the Purchasing office located at 301 West High St, Rm 630 in Jefferson City, MO no later than the exact end date and time specified in the RFP. All proposals must (1) be submitted by a duly authorized representative of the vendor's organization, (2) contain all information required by the RFP, and (3) be priced as required. Hard copy proposals may be mailed to the Purchasing post office box address. However, it shall be the responsibility of the vendor to ensure their proposal is in the Purchasing office (address listed above) no later than the exact end date and time specified in the RFP.
- b. The sealed envelope or container containing a proposal should be clearly marked on the outside with (1) the official RFP number and (2) the official end date and time. Different proposals should not be placed in the same envelope, although copies of the same proposal may be placed in the same envelope.
- c. A proposal submitted electronically by a registered vendor may be modified on-line prior to the official end date and time. A proposal which has been delivered to the Purchasing office may be modified by signed, written notice which has been received by Purchasing prior to the official end date and time specified. A proposal may also be modified in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to modify a proposal shall not be honored.
- d. A proposal submitted electronically by a registered vendor may be retracted on-line prior to the official end date and time. A proposal which has been delivered to the Purchasing may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received by Purchasing prior to the official end and time specified. A proposal may also be withdrawn in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to withdraw a proposal shall not be honored.
- e. A proposal may also be withdrawn after the proposal opening through submission of a written request by an authorized representative of the vendor. Justification of withdrawal decision may include a significant error or exposure of proposal information that may cause irreparable harm to the vendor.
- f. When submitting a proposal electronically, the registered vendor indicates acceptance of all RFP requirements, terms and conditions by clicking on the "Accept" button on the Overview tab. Vendors delivering a hard copy proposal to Purchasing must sign and return the RFP cover page or, if applicable, the cover page of the last addendum thereto in order to constitute acceptance by the vendor of all RFP requirements, terms and conditions. Failure to do so may result in rejection of the proposal unless the vendor's full compliance with those documents is indicated elsewhere within the vendor's response.
- g. Faxed proposals shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

6. PROPOSAL OPENING

- a. Proposal openings are public on the end date and at the opening time specified on the RFP document. Only the names of the respondents shall be read at the proposal opening. All vendors may view the same proposal response information on the MissouriBUYS Statewide eProcurement System. The contents of the responses shall not be disclosed at this time.
- b. Proposals which are not received in the Purchasing office prior to the official end date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened. Late proposals may only be opened under extraordinary circumstances in accordance with 1 CSR 40-1.050.

7. PREFERENCES

- a. In the evaluation of proposals, preferences shall be applied in accordance with chapter 34, RSMo, other applicable Missouri statutes, and applicable Executive Orders. Contractors should apply the same preferences in selecting subcontractors.

- b. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, mined, processed or grown within the State of Missouri and to all firms, corporations or individuals doing business as Missouri firms, corporations or individuals. Such preference shall be given when quality is equal or better and delivered price is the same or less.
- c. In accordance with Executive Order 05-30, contractors are encouraged to utilize certified minority and women-owned businesses in selecting subcontractors.

8. EVALUATION/AWARD

- a. Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the vendor and request clarification of the intended proposal. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.
- b. Any pricing information submitted by a vendor shall be subject to evaluation if deemed by Purchasing to be in the best interest of the State of Missouri.
- c. The vendor is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the State of Missouri. However, unless otherwise specified in the RFP, pricing shall be evaluated at the maximum potential financial liability to the State of Missouri.
- d. Awards shall be made to the vendor whose proposal (1) complies with all mandatory specifications and requirements of the RFP and (2) is the lowest and best proposal, considering price, responsibility of the vendor, and all other evaluation criteria specified in the RFP and any subsequent negotiations and (3) complies with chapter 34, RSMo, other applicable Missouri statutes, and all applicable Executive Orders.
- e. In the event all vendors fail to meet the same mandatory requirement in an RFP, Purchasing reserves the right, at its sole discretion, to waive that requirement for all vendors and to proceed with the evaluation. In addition, Purchasing reserves the right to waive any minor irregularity or technicality found in any individual proposal.
- f. Purchasing reserves the right to reject any and all proposals.
- g. When evaluating a proposal, the State of Missouri reserves the right to consider relevant information and fact, whether gained from a proposal, from a vendor, from vendor's references, or from any other source.
- h. Any information submitted with the proposal, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a proposal and the award of a contract.
- i. Negotiations may be conducted with those vendors who submit potentially acceptable proposals. Proposal revisions may be permitted for the purpose of obtaining best and final offers. In conducting negotiations, there shall be no disclosure of any information submitted by competing vendors.
- j. Any award of a contract shall be made by notification from Purchasing to the successful vendor. Purchasing reserves the right to make awards by item, group of items, or an all or none basis. The grouping of items awarded shall be determined by Purchasing based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the State of Missouri.
- k. Pursuant to section 610.021, RSMo, proposals and related documents shall not be available for public review until after a contract is executed or all proposals are rejected.
- l. Purchasing posts all proposal results on the MissouriBUYS Statewide eProcurement System for all vendors to view for a reasonable period after proposal award and maintains images of all proposal file material for review. Vendors who include an e-mail address with their proposal will be notified of the award results via e-mail.
- m. Purchasing reserves the right to request clarification of any portion of the vendor's response in order to verify the intent of the vendor. The vendor is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
- n. Any proposal award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 1 CSR 40-1.050 (9).
- o. The final determination of contract(s) award shall be made by Purchasing.

9. CONTRACT/PURCHASE ORDER

- a. By submitting a proposal, the vendor agrees to furnish any and all equipment, supplies and/or services specified in the RFP, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the RFP, addendums thereto, and any Best and Final Offer (BAFO) request(s) with RFP changes/additions, (2) the contractor's proposal including any contractor BAFO response(s), (3) clarification of the proposal, if any, and (4) Purchasing's acceptance of the proposal by "notice of award" or by "purchase order." All Exhibits and Attachments included in the RFP shall be incorporated into the contract by reference.
- c. A notice of award issued by the State of Missouri does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services for the State of Missouri, the contractor must receive a properly authorized purchase order or other form of authorization given to the contractor at the discretion of the state agency.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change to the contract, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the contractor and Purchasing or by a modified purchase order prior to the effective date of such modification. The contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification to the contract.

10. INVOICING AND PAYMENT

- a. The State of Missouri does not pay state or federal taxes unless otherwise required under law or regulation.
- b. The statewide financial management system has been designed to capture certain receipt and payment information. For each purchase order received, an invoice must be submitted that references the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. The contractor shall not transfer any interest in the contract, whether by assignment or otherwise, without the prior written consent of Purchasing.
- d. Payment for all equipment, supplies, and/or services required herein shall be made in arrears unless otherwise indicated in the RFP.
- e. The State of Missouri assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any unauthorized quantity is subject to the state's rejection and shall be returned at the contractor's expense.
- f. All invoices for equipment, supplies, and/or services purchased by the State of Missouri shall be subject to late payment charges as provided in section 34.055, RSMo.
- g. The State of Missouri reserves the right to purchase goods and services using the state purchasing card.

11. DELIVERY

Time is of the essence. Deliveries of equipment, supplies, and/or services must be made no later than the time stated in the contract or within a reasonable period of time, if a specific time is not stated.

12. INSPECTION AND ACCEPTANCE

- a. No equipment, supplies, and/or services received by an agency of the state pursuant to a contract shall be deemed accepted until the agency has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The State of Missouri reserves the right to return any such rejected shipment at the contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The State of Missouri's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the state may have.

13. WARRANTY

- a. The contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by Purchasing, (2) be fit and sufficient for the purpose expressed in the RFP, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the state's acceptance of or payment for said equipment, supplies, and/or services.

14. CONFLICT OF INTEREST

- a. Elected or appointed officials or employees of the State of Missouri or any political subdivision thereof, serving in an executive or administrative capacity, must comply with sections 105.452 and 105.454, RSMo, regarding conflict of interest.
- b. The contractor hereby covenants that at the time of the submission of the proposal the contractor has no other contractual relationships which would create any actual or perceived conflict of interest. The contractor further agrees that during the term of the contract neither the contractor nor any of its employees shall acquire any other contractual relationships which create such a conflict.

15. REMEDIES AND RIGHTS

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the State of Missouri of any existing or future right and/or remedy available by law in the event of any claim by the State of Missouri of the contractor's default or breach of contract.
- b. The contractor agrees and understands that the contract shall constitute an assignment by the contractor to the State of Missouri of all rights, title and interest in and to all causes of action that the contractor may have under the antitrust laws of the United States or the State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or procured by the contractor in the fulfillment of the contract with the State of Missouri.

16. CANCELLATION OF CONTRACT

- a. In the event of material breach of the contractual obligations by the contractor, Purchasing may cancel the contract. At its sole discretion, Purchasing may give the contractor an opportunity to cure the breach or to explain how the breach will be cured. The actual cure must be completed within no more than 10 working days from notification, or at a minimum the contractor must provide Purchasing within 10 working days from notification a written plan detailing how the contractor intends to cure the breach.
- b. If the contractor fails to cure the breach or if circumstances demand immediate action, Purchasing will issue a notice of cancellation terminating the contract immediately. If it is determined Purchasing improperly cancelled the contract, such cancellation shall be deemed a termination for convenience in accordance with the contract.
- c. If Purchasing cancels the contract for breach, Purchasing reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as Purchasing deems appropriate and charge the contractor for any additional costs incurred thereby.
- d. The contractor understands and agrees that funds required to fund the contract must be appropriated by the General Assembly of the State of Missouri for each fiscal year included within the contract period. The contract shall not be binding upon the state for any period in which funds have not been appropriated, and the state shall not be liable for any costs associated with termination caused by lack of appropriations.

17. COMMUNICATIONS AND NOTICES

Any notice to the vendor/contractor shall be deemed sufficient when deposited in the United States mail postage prepaid, transmitted by facsimile, transmitted by e-mail or hand-carried and presented to an authorized employee of the vendor/contractor.

18. BANKRUPTCY OR INSOLVENCY

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the contractor must notify Purchasing immediately.
- b. Upon learning of any such actions, Purchasing reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the contractor responsible for damages.

19. INVENTIONS, PATENTS AND COPYRIGHTS

The contractor shall defend, protect, and hold harmless the State of Missouri, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the contractor's performance or products produced under the terms of the contract.

20. NON-DISCRIMINATION AND AFFIRMATIVE ACTION

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall agree not to discriminate against recipients of services or employees or applicants for employment on the basis of race, color, religion, national origin, sex, age, disability, or veteran status unless otherwise provided by law. If the contractor or subcontractor employs at least 50 persons, they shall have and maintain an affirmative action program which shall include:

- a. A written policy statement committing the organization to affirmative action and assigning management responsibilities and procedures for evaluation and dissemination;
- b. The identification of a person designated to handle affirmative action;
- c. The establishment of non-discriminatory selection standards, objective measures to analyze recruitment, an upward mobility system, a wage and salary structure, and standards applicable to layoff, recall, discharge, demotion, and discipline;
- d. The exclusion of discrimination from all collective bargaining agreements; and
- e. Performance of an internal audit of the reporting system to monitor execution and to provide for future planning.

If discrimination by a contractor is found to exist, Purchasing shall take appropriate enforcement action which may include, but not necessarily be limited to, cancellation of the contract, suspension, or debarment by Purchasing until corrective action by the contractor is made and ensured, and referral to the Attorney General's Office, whichever enforcement action may be deemed most appropriate.

21. AMERICANS WITH DISABILITIES ACT

In connection with the furnishing of equipment, supplies, and/or services under the contract, the contractor and all subcontractors shall comply with all applicable requirements and provisions of the Americans with Disabilities Act (ADA).

22. FILING AND PAYMENT OF TAXES

The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144, RSMo. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise. Therefore the vendor's failure to maintain compliance with chapter 144, RSMo, may eliminate their proposal from consideration for award.

THE E-VERIFY PROGRAM FOR EMPLOYMENT VERIFICATION MEMORANDUM OF UNDERSTANDING

ARTICLE I

PURPOSE AND AUTHORITY

This Memorandum of Understanding (MOU) sets forth the points of agreement between the Department of Homeland Security (DHS) and Catholic Charities of Southern Missouri (Employer) regarding the Employer's participation in the Employment Eligibility Verification Program (E-Verify). This MOU explains certain features of the E-Verify program and enumerates specific responsibilities of DHS, the Social Security Administration (SSA), and the Employer. E-Verify is a program that electronically confirms an employee's eligibility to work in the United States after completion of the Employment Eligibility Verification Form (Form I-9). For covered government contractors, E-Verify is used to verify the employment eligibility of all newly hired employees and all existing employees assigned to Federal contracts or to verify the entire workforce if the contractor so chooses.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). Authority for use of the E-Verify program by Federal contractors and subcontractors covered by the terms of Subpart 22.18, "Employment Eligibility Verification", of the Federal Acquisition Regulation (FAR) (hereinafter referred to in this MOU as a "Federal contractor with the FAR E-Verify clause") to verify the employment eligibility of certain employees working on Federal contracts is also found in Subpart 22.18 and in Executive Order 12989, as amended.

ARTICLE II

FUNCTIONS TO BE PERFORMED

A. RESPONSIBILITIES OF SSA

1. SSA agrees to provide the Employer with available information that allows the Employer to confirm the accuracy of Social Security Numbers provided by all employees verified under this MOU and the employment authorization of U.S. citizens.
2. SSA agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. SSA agrees to provide the Employer with names, titles, addresses, and telephone numbers of SSA representatives to be contacted during the E-Verify process.
3. SSA agrees to safeguard the information provided by the Employer through the E-Verify program procedures, and to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security Numbers and for evaluation of the E-Verify program or such other persons or entities who may be authorized by SSA as governed

by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

4. SSA agrees to provide a means of automated verification that is designed (in conjunction with DHS's automated system if necessary) to provide confirmation or tentative nonconfirmation of U.S. citizens' employment eligibility within 3 Federal Government work days of the initial inquiry.

5. SSA agrees to provide a means of secondary verification (including updating SSA records as may be necessary) for employees who contest SSA tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of U.S. citizens' employment eligibility and accuracy of SSA records for both citizens and non-citizens within 10 Federal Government work days of the date of referral to SSA, unless SSA determines that more than 10 days may be necessary. In such cases, SSA will provide additional verification instructions.

B. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for employees through E-Verify, DHS agrees to provide the Employer access to selected data from DHS's database to enable the Employer to conduct, to the extent authorized by this MOU:

- Automated verification checks on employees by electronic means, and
- Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Employer appropriate assistance with operational problems that may arise during the Employer's participation in the E-Verify program. DHS agrees to provide the Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to make available to the Employer at the E-Verify Web site and on the E-Verify Web browser, instructional materials on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Employer a notice, which indicates the Employer's participation in the E-Verify program. DHS also agrees to provide to the Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Employer a user identification number and password that permits the Employer to verify information provided by employees with DHS's database.

6. DHS agrees to safeguard the information provided to DHS by the Employer, and to limit access to such information to individuals responsible for the verification of employees' employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and

Nationality Act (INA) and Federal criminal laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within 3 Federal Government work days of the initial inquiry.

8. DHS agrees to provide a means of secondary verification (including updating DHS records as may be necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

C. RESPONSIBILITIES OF THE EMPLOYER

1. The Employer agrees to display the notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system.

2. The Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Employer representatives to be contacted regarding E-Verify.

3. The Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual.

4. The Employer agrees that any Employer Representative who will perform employment verification queries will complete the E-Verify Tutorial before that individual initiates any queries.

A. The Employer agrees that all Employer representatives will take the refresher tutorials initiated by the E-Verify program as a condition of continued use of E-Verify.

B. Failure to complete a refresher tutorial will prevent the Employer from continued use of the program.

5. The Employer agrees to comply with current Form I-9 procedures, with two exceptions:

- If an employee presents a "List B" identity document, the Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Employer should contact E-Verify at 888-464-4218.

- If an employee presents a DHS Form I-551 (Permanent Resident Card) or Form I-766 (Employment Authorization Document) to complete the Form I-9, the Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The photocopy must be of sufficient quality to allow for verification of the photo

Company ID Number: 521080

and written information. The employer will use the photocopy to verify the photo and to assist DHS with its review of photo non-matches that are contested by employees. Note that employees retain the right to present any List A, or List B and List C, documentation to complete the Form I-9. DHS may in the future designate other documents that activate the photo screening tool.

6. The Employer understands that participation in E-Verify does not exempt the Employer from the responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures, except for the following modified requirements applicable by reason of the Employer's participation in E-Verify: (1) identity documents must have photos, as described in paragraph 5 above; (2) a rebuttable presumption is established that the Employer has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of any individual if it obtains confirmation of the identity and employment eligibility of the individual in good faith compliance with the terms and conditions of E-Verify; (3) the Employer must notify DHS if it continues to employ any employee after receiving a final nonconfirmation, and is subject to a civil money penalty between \$550 and \$1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) the Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A) if the Employer continues to employ an employee after receiving a final nonconfirmation; and (5) no person or entity participating in E-Verify is civilly or criminally liable under any law for any action taken in good faith based on information provided through the confirmation system. DHS reserves the right to conduct Form I-9 and E-Verify system compliance inspections during the course of E-Verify, as well as to conduct any other enforcement activity authorized by law.

7. The Employer agrees to initiate E-Verify verification procedures for new employees within 3 Employer business days after each employee has been hired (but after the Form I-9 has been completed), and to complete as many (but only as many) steps of the E-Verify process as are necessary according to the E-Verify User Manual, or in the case of Federal contractors with the FAR E-Verify clause, the E-Verify User Manual for Federal Contractors. The Employer is prohibited from initiating verification procedures before the employee has been hired and the Form I-9 completed. If the automated system to be queried is temporarily unavailable, the 3-day time period is extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. Employers may initiate verification by notating the Form I-9 in circumstances where the employee has applied for a Social Security Number (SSN) from the SSA and is waiting to receive the SSN, provided that the Employer performs an E-Verify employment verification query using the employee's SSN as soon as the SSN becomes available.

8. The Employer agrees not to use E-Verify procedures for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use not authorized by this MOU. Employers must use E-Verify for all new employees, unless an Employer is a Federal contractor that qualifies for the exceptions described in Article II.D.1.c. Except as provided in Article II.D, the Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. The Employer understands that if the Employer

Company ID Number: 521080

uses the E-Verify system for any purpose other than as authorized by this MOU, the Employer may be subject to appropriate legal action and termination of its access to SSA and DHS information pursuant to this MOU.

9. The Employer agrees to follow appropriate procedures (see Article III. below) regarding tentative nonconfirmations, including notifying employees in private of the finding and providing them written notice of the findings, providing written referral instructions to employees, allowing employees to contest the finding, and not taking adverse action against employees if they choose to contest the finding. Further, when employees contest a tentative nonconfirmation based upon a photo non-match, the Employer is required to take affirmative steps (see Article III.B. below) to contact DHS with information necessary to resolve the challenge.

10. The Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo non-match, does not establish, and should not be interpreted as evidence, that the employee is not work authorized. In any of the cases listed above, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, refusing to assign the employee to a Federal contract or other assignment, or otherwise subjecting an employee to any assumption that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo non-match or if a secondary verification is completed and a final nonconfirmation is issued, then the Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 or OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

11. The Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA, as applicable, by not discriminating unlawfully against any individual in hiring, firing, or recruitment or referral practices because of his or her national origin or, in the case of a protected individual as defined in section 274B(a)(3) of the INA, because of his or her citizenship status. The Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Employer further understands that any violation of the unfair immigration-related employment practices provisions in section 274B of the INA could subject the Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-

Verify. If the Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

12. The Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

13. The Employer agrees that it will use the information it receives from SSA or DHS pursuant to E-Verify and this MOU only to confirm the employment eligibility of employees as authorized by this MOU. The Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords) to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Employer who are authorized to perform the Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

14. The Employer acknowledges that the information which it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)), and that any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

15. The Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, including by permitting DHS and SSA, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a timely and accurate manner to DHS requests for information relating to their participation in E-Verify.

D. RESPONSIBILITIES OF FEDERAL CONTRACTORS WITH THE FAR E-VERIFY CLAUSE

1. The Employer understands that if it is a subject to the employment verification terms in Subpart 22.18 of the FAR, it must verify the employment eligibility of any existing employee assigned to the contract and all new hires, as discussed in the Supplemental Guide for Federal Contractors. Once an employee has been verified through E-Verify by the Employer, the Employer may not reverify the employee through E-Verify.

a. Federal contractors with the FAR E-Verify clause agree to become familiar with and comply with the most recent versions of the E-Verify User Manual for Federal Contractors and the E-Verify Supplemental Guide for Federal Contractors.

b. Federal contractors with the FAR E-Verify clause agree to complete a tutorial for Federal contractors with the FAR E-Verify clause.

c. Federal contractors with the FAR E-Verify clause not enrolled at the time of contract award: An Employer that is not enrolled in E-Verify at the time of a contract award must enroll as a Federal contractor with the FAR E-Verify clause in E-Verify within 30 calendar days of contract award and, within 90 days of enrollment, begin to use E-Verify to initiate verification of employment eligibility of new hires of the Employer who are working in the United States,

Company ID Number: 521080

whether or not assigned to the contract. Once the Employer begins verifying new hires, such verification of new hires must be initiated within 3 business days after the date of hire. Once enrolled in E-Verify as a Federal contractor with the FAR E-Verify clause, the Employer must initiate verification of employees assigned to the contract within 90 calendar days from the time of enrollment in the system and after the date and selecting which employees will be verified in E-Verify or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Employers that are already enrolled in E-Verify at the time of a contract award but are not enrolled in the system as a Federal contractor with the FAR E-Verify clause: Employers enrolled in E-Verify for 90 days or more at the time of a contract award must use E-Verify to initiate verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire. Employers enrolled in E-Verify as other than a Federal contractor with the FAR E-Verify clause, must update E-Verify to indicate that they are a Federal contractor with the FAR E-Verify clause within 30 days after assignment to the contract. If the Employer is enrolled in E-Verify for 90 calendar days or less at the time of contract award, the Employer must, within 90 days of enrollment, begin to use E-Verify to initiate verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within 3 business days after the date of hire. An Employer enrolled as a Federal contractor with the FAR E-Verify clause in E-Verify must initiate verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

e. Institutions of higher education, State, local and tribal governments and sureties: Federal contractors with the FAR E-Verify clause that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), State or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors with the FAR E-Verify clause may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. The provisions of Article II.D, paragraphs 1.a and 1.b of this MOU providing timeframes for initiating employment verification of employees assigned to a contract apply to such institutions of higher education, State, local and tribal governments, and sureties.

f. Verification of all employees: Upon enrollment, Employers who are Federal contractors with the FAR E-Verify clause may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only new employees and those existing employees assigned to a covered Federal contract. After enrollment, Employers must elect to do so only in the manner designated by DHS and initiate E-Verify verification of all existing employees within 180 days after the election.

g. Form I-9 procedures for existing employees of Federal contractors with the FAR E-Verify clause: Federal contractors with the FAR E-Verify clause may choose to complete new Forms I-9 for all existing employees other than those that are completely exempt from this process. Federal contractors with the FAR E-Verify clause may also update previously completed Forms I-9 to initiate E-Verify verification of existing employees who are not completely exempt as long as that Form I-9 is complete (including the SSN), complies with

Company ID Number: 521080

Article II.C.5, the employee's work authorization has not expired, and the Employer has reviewed the information reflected in the Form I-9 either in person or in communications with the employee to ensure that the employee's stated basis in section 1 of the Form I-9 for work authorization has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen). If the Employer is unable to determine that the Form I-9 complies with Article II.C.5, if the employee's basis for work authorization as attested in section 1 has expired or changed, or if the Form I-9 contains no SSN or is otherwise incomplete, the Employer shall complete a new I-9 consistent with Article II.C.5, or update the previous I-9 to provide the necessary information. If section 1 of the Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.C.5, but reflects documentation (such as a U.S. passport or Form I-551) that expired subsequent to completion of the Form I-9, the Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.C.5, subject to any additional or superseding instructions that may be provided on this subject in the Supplemental Guide for Federal Contractors. Nothing in this section shall be construed to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU, or to authorize verification of any existing employee by any Employer that is not a Federal contractor with the FAR E-Verify clause.

2. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

ARTICLE III

REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Employer receives a tentative nonconfirmation issued by SSA, the Employer must print the notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. The Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within 8 Federal Government work days. SSA will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it

Company ID Number: 521080

determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

4. The Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

1. If the Employer receives a tentative nonconfirmation issued by DHS, the Employer must print the tentative nonconfirmation notice as directed by the E-Verify system and provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Employer must review the tentative nonconfirmation with the employee in private.

2. If the Employer finds a photo non-match for an employee who provides a document for which the automated system has transmitted a photo, the employer must print the photo non-match tentative nonconfirmation notice as directed by the automated system and provide it to the employee so that the employee may determine whether he or she will contest the finding. The Employer must review the tentative nonconfirmation with the employee in private.

3. The Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation received from DHS automated verification process or when the Employer issues a tentative nonconfirmation based upon a photo non-match. The Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Employer will provide the employee with a referral letter and instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within 8 Federal Government work days.

5. If the employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will provide the employee with a referral letter to DHS. DHS will electronically transmit the result of the referral to the Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

6. The Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo non-match, the Employer will send a copy of the employee's Form I-551 or Form I-766 to DHS for review by:

- Scanning and uploading the document, or
- Sending a photocopy of the document by an express mail account (paid for at employer expense).

7. If the Employer determines that there is a photo non-match when comparing the photocopied List B document described in Article II.C.5 with the image generated in E-Verify, the Employer must forward the employee's documentation to DHS using one of the means described in the preceding paragraph, and allow DHS to resolve the case.

Company ID Number: 521080

ARTICLE IV

SERVICE PROVISIONS

SSA and DHS will not charge the Employer for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V

PARTIES

A. This MOU is effective upon the signature of all parties, and shall continue in effect for as long as the SSA and DHS conduct the E-Verify program unless modified in writing by the mutual consent of all parties, or terminated by any party upon 30 days prior written notice to the others. Any and all system enhancements to the E-Verify program by DHS or SSA, including but not limited to the E-Verify checking against additional data sources and instituting new verification procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes. DHS agrees to train employers on all changes made to E-Verify through the use of mandatory refresher tutorials and updates to the E-Verify User Manual, the E-Verify User Manual for Federal Contractors or the E-Verify Supplemental Guide for Federal Contractors. Even without changes to E-Verify, DHS reserves the right to require employers to take mandatory refresher tutorials. An Employer that is a Federal contractor with the FAR E-Verify clause may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such a circumstance, the Federal contractor with the FAR E-Verify clause must provide written notice to DHS. If an Employer that is a Federal contractor with the FAR E-Verify clause fails to provide such notice, that Employer will remain a participant in the E-Verify program, will remain bound by the terms of this MOU that apply to participants that are not Federal contractors with the FAR E-Verify clause, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

B. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Employer, or a failure on the part of the Employer to comply with established procedures or legal requirements. The Employer understands that if it is a Federal contractor with the FAR E-Verify clause, termination of this MOU by any party for any reason may negatively affect its performance of its contractual responsibilities.

C. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as they may determine necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

Company ID Number: 521080

D. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Employer, its agents, officers, or employees.

E. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Employer.

F. The Employer understands that the fact of its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

G. The foregoing constitutes the full agreement on this subject between DHS and the Employer.

H. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Employer and DHS respectively.

Company ID Number: 521080

To be accepted as a participant in E-Verify, you should only sign the Employer's Section of the signature page. If you have any questions, contact E-Verify at 888-464-4218.
